

The Planfarm Herbicide Guide App

For the last 25 years the Planfarm Herbicide Guide has provided The Broadacre farming sector (Farmers, Agronomists, Consultants, Merchandise and Banks) with a comprehensive summary of pesticide labels used in agriculture.

**The app is now available to anyone
at a cost of \$150 per download.**

We also offer additional rates for extra downloads.

3 - 5 downloads

\$125 each

6 + downloads

\$110 each

Each download is valid for one device and covers a one year subscription to all the updates and information available within the app.

**The Planfarm Herbicide Guide App is provided for free to all of our
Agronomy and Consulting clients as part of our service to them.**

Please contact us for any further information.
